TITLE

1. This procedure shall be called “A Standard Operating Procedure to facilitate import of foreign workers through the Zoning system.”

CONTEXT

2. A Research Team constituting members from the Department of Immigration (DoI), Department of Labour (DoL), Department of Civil Registration and Census, and Ministry of Foreign Affairs have developed a Zoning System to quarantine foreign workers in the temporary quarantine facilities. As approved by the Government, four zones were identified namely Samtse, Phuntsholing, Sarpang and Samdrup Jongkhar. Following this, the team has directed DoI and DoL to draft a Standard Operating Procedure to operationalize the Zoning System to import foreign workers.
3. Currently, the Royal Government is constructing temporary quarantine centers at Samtse (200 beds), Phuntsholing (400 beds), Gelephu (200 beds) and Samdrup Jongkhar (200 beds). The construction is expected to be completed by the end of August/September 2021 and the quarantine centres will be operationalized immediately to quarantine both Bhutanese and foreign workers.

OBJECTIVE

4. This SOP is developed with the following objectives:
 - i. Regulate and manage foreign workers effectively without undermining or compromising health safety protocols in place to mitigate the risks of transmission and spread of covid-19;
 - ii. Facilitate import of foreign workers in an efficient, organized and systematic manner through land ports of entry based on location of their worksites;
 - iii. Approve and issue work permit to foreign workers who completes required quarantine duration and test COVID-19 negative; and

SCOPE

5. This SOP shall apply to foreign workers entering from Samtse, Phuentsholing, Gelephu and Samdrup Jongkhar and shall be implemented by:
 - i. Department of Immigration, MoHCA
 - ii. Department of Labour, MoLHR

- iii. Regional Immigration Offices (RIOs)
- iv. Regional Offices (ROs), MoLHR
- v. Foreign Workers Recruitment Agents (FWRA)/Employers

VALIDITY

- 6. This SOP shall be valid until further directives.
